The tools contained in this book are uniquely powerful. Every year, criminals around the world use them to manipulate others to do their bidding, stealing trillions of dollars from businesses and individuals, wreaking havoc on the lives of millions, and altering the political destinies of entire nations. In sharing these techniques with you, I trust that you'll use them for the cause of good, not evil. You'll help others, not just yourself, and you'll refrain from behaving in ways that harm others. This is serious business—lives are at stake here! So, before proceeding, please read and sign the following pledge:

HUMAN HACKING

WIN FRIENDS, INFLUENCE PEOPLE, AND LEAVE THEM BETTER OFF FOR HAVING MET YOU

I, _____, solemnly swear not to use these skills to manipulate people for selfish, one-sided gain. While I may use these skills to benefit myself, I will ensure that the others with whom I interact benefit as well, and that they don't compromise their own best interests by acceding to my wishes. Further, I promise to respect the privacy of others in using these skills, and I promise to use these skills to enhance my own self-awareness, so that I can become a better partner, family member, friend, colleague, and neighbor. Most of all, I promise to use these skills in ways that ultimately leave people feeling better for having met me. If I fail in this task, as I occasionally might, I promise to learn from the experience and do better next time.
